

Huijing Sun

Final-Year M.Ed. Student in Mental Health Education · Shandong Normal University

Jinan, Shandong, China · huijings2001@gmail.com · sunnybeao1.github.io

EDUCATION

2024.09 – 2027.06 **M.Ed. in Mental Health Education** (expected)

Shandong Normal University, Jinan, China

Advisor: Prof. Kangcheng Wang

2019.09 – 2023.06 **B.A. in Documentary Directing**

Shandong University of Arts, Jinan, China

TOEFL iBT (2026.08.19): Overall 5.5 / 6 · Reading 6 · Listening 5 · Speaking 5 · Writing 5

RESEARCH INTERESTS

Dynamics of adolescent mental health. How psychological difficulties interact and evolve over time, modeled with multi-wave cohort data and temporal network analysis.

Electrophysiological markers. Resting-state and task-based EEG signatures that distinguish at-risk adolescents and track change across development.

Intervention and response prediction. Whether TMS shifts symptom structure, and which baseline features predict who benefits from it.

PUBLICATIONS

Bold denotes author.

Manuscripts Under Review

1. **Sun, H.**, Zou, W., Wang, D., Zhang, Y., Bai, C., Li, W., Xiao, Y., Niu, X., Shao, X., Wang, X., Hommel, B., Yang, Y., & Wang, K. Neural mechanisms of impaired self-compassion in depressed adolescents during social exclusion. First author Preprint: <https://www.biorxiv.org/content/10.64898/2026.08.04.741714v1>
ERP study (LPP) in 37 adolescents with major depressive disorder and 32 matched healthy controls, using a social-exclusion imagination task with and without self-compassionate regulation.
2. Tian, X., **Sun, H.**, Li, X., Wang, D., Cao, Y., Niu, X., Kong, T., Miao, Z., Zhao, L., Lyu, C., Zheng, D., Zhang, Y., Xu, F., Cao, A., Zhu, X., Yang, Y., Che, X., & Wang, K. A randomized controlled trial protocol comparing 10 Hz rTMS and iTBS for adolescent depression: Clinical efficacy, neurocognitive and neurobiological mechanisms. Co-first author Study protocol
Double-blind RCT protocol (N = 80) with multimodal assessment: structural and functional MRI, arterial spin labeling, resting-state EEG, and TMS-EEG.

Peer-Reviewed Journal Articles

1. Lu, C., Wang, D., Cao, Y., Hu, Y., Yang, Y., **Sun, H.**, Tian, X., Kong, L., & Wang, K. (2026). Network based associations between peer rejection and adolescent depression: Evidence from general population and clinical samples. *BMC Psychology*, 14, 1021. <https://doi.org/10.1186/s40359-026-04731-y>
Contribution: data collection and contribution to manuscript writing.

2. Li, S., Tian, X., Zhang, Y., Yang, Y., **Sun, H.**, Chen, J., Xu, D., Xu, F., Zhu, X., Wang, K., & Qiao, D. (2025). Non-suicidal self-injury links with multidimensional cognitive dysfunctions in adolescents with depression. *BMC Psychiatry*, 26, 71. <https://doi.org/10.1186/s12888-025-07701-7>
Contribution: data collection.

RESEARCH EXPERIENCE

- 2024.07 – Present **Shandong Adolescent Neuroimaging Database (SAND)**
Shandong Normal University · Advisor: Prof. Kangcheng Wang
Multimodal data collection: structural MRI, functional MRI, cognitive assessments, and questionnaires in an adolescent cohort.
- 2025.02 – 2026.06 **iTBS Treatment for Adolescent Depression**
Shandong Normal University / Shandong Mental Health Center
Data collection, processing, and analysis for a randomized trial of intermittent theta burst stimulation in adolescents with major depressive disorder.
- 2025.12 – 2026.03 **fNIRS Study of Parent–Adolescent Communication**
Shandong Normal University
Data collection for a functional near-infrared spectroscopy study of parent–adolescent interaction.

INTERNSHIP EXPERIENCE

- 2025.09 – 2025.12 **Psychology Teacher (Intern)**
Jinan Foreign Language School, Jinan, China
- Taught mental health lessons to secondary school students.
 - Facilitated group counseling activities.
 - Conducted individual student interviews.

SKILLS

Neuroimaging	EEG acquisition & preprocessing; ERP analysis; resting-state power & connectivity; rTMS / iTBS protocol administration
Quantitative	Symptom network analysis; cross-lagged panel networks (CLPN); longitudinal cohort management
Clinical	Adolescent mental health assessment; group counseling; structured student interviews
Software	R · Python · MATLAB · SPSS
